IMPRESSIVE

And Deep With Religious Fervor Are the Talks of Miss Davies.

Of particular beauty and inspiration are the Bible readings which Miss Davies gives each afternoon at 2:30 o'clock at the First M. E. church, South. Yesterday afternoon she outlined the "Power of the Holy Spirit," and testified to the untold influence it could have in a life dedicated to Jesus Christ.

At the evening service she presented one of the most stupendous thoughts which the mind of feeble man can attempt to grasp, that of "The Love of God Toward Man." From the well known words, "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him shall not perish, but shall have everlasting life," she drew a picture of that divine love which is yearned for sinners that it made the most supreme sacrifice in the death of the Son on the cross that the hearts of men might be touched thereby and led to seek and to follow their Savior. She gave many touching examples of the depth and strength of human love in showing how the love of the Heavenly Father transcends all earthly limitations.

LEG CUT OFF

Brakeman Inskip of the C. & O. Meets With Shocking Accident At Augusta.

Yesterday morning about 7:30 o'clock Brakeman Inskip, aged about 35 years, of Covington, while flagging train No. 5, which he had boarded at Dover, had his right leg cut off below the knee as he went to jump from the train at Augusta.

He was taken to Speer's Hospital at Dayton. Inskip was working on freight train No. 95 and got left at Dover, and he boarded the passenger to catch his train which had gone on to Augusta.

LEAVES BULL MOOSE

Mayor Hazell of Paducah, Back In Republican Ranks.

Paducah, Ky., February 8.—Mayor T. N. Hazell on his return from Chicago announced that he had changed his politics from Bull Moose back to Republican, and hereafter he would fight in the ranks of the Republican party. He has sent his resignation as a member of the State Central Committee of the Progressive party to the state chairman. He did not give any reason for making the change. Mayor Hazell has been First district chairman for the Progressive party.

GOING DOWN

Ohio River Receding Very Slowly—Now Fifty Feet.

The river is at 50 feet at Maysville this morning, a drop of 3.5 feet since the crest was reached.

The extreme slowness of the fall is claimed by old rivermen to be a good sign that it will not come back soon, and we now say that there will not likely be another flood this month, at least.

NEW LIQUOR BILL FOR OHIO.

Columbus, O., February 8.—Governor Willis today was digesting the so-called "administration liquor bill," which has been drafted and will be introduced in the Senate by Senator McDermott of Niles, chairman of the Senate Liquor Traffic Committee.

It is understood administration leaders are agreed on the principal feature of the liquor bill which divides the state into ten or twelve licensing districts instead of calling each county a district as at present. The plan most generally favored is to have a district board made up of one county official from each county.

RIVERMEN MARVELED.

(Times-Star.)

The long period during which the Ohio river remained stationary, Sunday—15 hours—is regarded as remarkable by rivermen. As a rule the river will remain "on a stand" for two or three hours before the fall begins. Weather Forecaster Devereaux said Monday that the water had been kept at the one stage for such a long time by the strong west wind which continued during the entire day and evening.

HUNT'S

1915

The steamer Ducia, transferred recently from German to American registry, and on her way to Rotterdam, with a cotton cargo from Galveston, arrived at Norfolk, Va., for coal before proceeding across the Atlantic.

The current week promises to develop a climax in the legislative deadlock in Illinois, when a contest over the speakership of the House has held matters at a standstill since the first of the year.

The death of Remus Chandler, a negro who had been taken to a hospital, increased the number of victims of the explosion in the Carlisle mine of the New River Coal Company Saturday to 21.

Former Congressman Scott of Kansas returning from an inspection of relief work in Belgium, says the situation is acute, and if the supply of food is diminished the Belgian people will starve.
